

Maxi-CUBE

Classic C-Series

The Maxi-CUBE C-Series

For over 30 years, Maxi-CUBE has led the Australian temperature controlled transport market through continuous innovation and product improvement. The Maxi-CUBE C-Series is the latest development in the Maxi-CUBE Classic family.

The C-Series incorporates a full length chassis from bumper to skid plate for operators preferring this type of construction. Maxi-CUBE's traditional construction has been well proven in all conditions over 30 years and the addition of a full length chassis simply enhances its strength and integrity.

Key features are:

- No loss of interior height, retaining maximum payload volume;
- Suits both single unit, B-Double and road train operations;
- Low tare weight increase retains 99% of payload capacity;

Available in the following models:

- Reefer
- High Cube Reefer
- Freezer
- Dry Freight
- Chiller
